

What brand of outdoor power supply should I buy

Overview

What should I consider when buying a portable power station?

The most important thing to consider when shopping for a portable power station is the amount of power and battery capacity you need. The price range for portable power stations can range from a fairly inexpensive product to a large-sized investment.

Can a portable power station be used as an uninterruptible power supply?

Yes, a portable power station can be used as an uninterruptible power supply. Many portable power stations come with UPS features, like automatic switchover when power loss is detected.

What are the best portable power stations?

To help you decide, I tested the efficiency, in a variety of scenarios, of the best portable power stations from Jackery, Oupes, EcoFlow, Anker, Goal Zero, Greccell, Bluetti, Dakota Lithium, Lion Energy, Vtoman, and Oupes. Should you buy a power brick or a portable power station?

Small power bricks have enough juice to charge your phone a few times, while a cooler-sized portable power station can keep vital electronics running during a power outage or camping trip, and the most powerful options will provide electricity to your entire house.

Are portable power stations worth it?

This power station offers a lot of bang for the buck. Sure, it isn't going to power your house through a days-long outage, but it offers a lot of nice features for the price, making it one of the better values out there, especially if you can pick it up on sale.
