

# **Which Bahrain communication has more 5G base stations**

## Overview

---

Is Bahrain a good country for 5G?

TRA General Director Philip Marnick said: "The Kingdom of Bahrain remains one of the most well-connected places globally. Not only does 5G technology enable better mobile broadband for consumers, it also supports industrial applications.

Will Bahrain have a 5G network in 2023?

In 2020 Amazon Web Services also launched the region's first hyper-scale data centre in the Kingdom. Researchers estimate that there will be more than 1bn 5G connections by 2023. Bahrain's nationwide rollout places them at the forefront of this global technological advancement for B2B and B2C applications.

Why is Bahrain considered a strategic base for technology companies?

Bahrain has long been considered a strategic base for technology companies in the Gulf because of its tolerant stance to foreign nationals. In 2020 Amazon Web Services also launched the region's first hyper-scale data centre in the Kingdom. Researchers estimate that there will be more than 1bn 5G connections by 2023.

Does Bahrain have a digital strategy?

Steaming ahead of their global competitors, including the UK (which aims to have implemented 100% 5G services by 2027) Bahrain has put ICT development at the forefront of its digital strategy. Geographically linked to Saudi Arabia by a famous causeway, Bahrain has long been considered a progressive Middle Eastern nation.

Does Bahrain have a telecoms market?

The Kingdom has encouraged innovation and investment in the telecoms sector and was the first GCC member to open and liberalise its telecoms

market. Bahrain is also one of the region's only telecoms markets with no restrictions on VoIP services.

Is Bahrain a global leader in transportation & telecommunications?

Speaking about the achievement, H.E. Engineer Kamal bin Ahmed Mohamed, Bahrain's Minister of Transportation and Telecommunications said, "We are continually striving to ensure that the Kingdom of Bahrain maintains its position among global leaders in this crucial sector.
