

Xiamen 45kw high quality inverter

Overview

What is a 45 kW inverter?

45 kW (60 hp) three phase 240V, 380V, 480V frequency drive inverter, output 3 phase AC 0~input voltage, input frequency 50Hz/ 60Hz. RS485 communication mode and IP20 protection rating. Automatic torque of variable frequency drive inverter boost, manual torque boost 0.1%~30.0%. It is widely applied in industrial transformers, motors, and so on.

What is the electronic screen of the 45kW solar inverter?

The electronic screen of the 45kw three phase solar inverter is a key component in the inverter control system, providing users with an intuitive and real-time information display.

What makes a good 45 kW solar water pump inverter?

Good-quality 45 kW solar water pump inverter has high-density ventilation ports for excellent cooling, ensuring stable operation in high-temperature environments. The powerful DC heat sink operates quietly, effectively reducing the heat generated during inverter use, with intelligent start-stop control.

What is a high frequency inverter?

60 hp frequency inverter, three phase 208/400/460V input, and 3 phase 0-input voltage output. Equipped with digital display and a multiple-functional keyboard, high frequency power inverter can work at (-10°C, 40°C), compact material and easy installation. The interior PID controller of the 3 phase inverter is convenient to make a closed-loop system.

What is a high quality variable frequency drive inverter?

Come with IP 20 enclosure protection, high quality variable frequency drive has RS485 communication mode. Equipped with digital display, three phase 240V, 380V, 480V frequency drive inverter's input frequency reaches 50Hz/

60Hz.

Xiamen 45kw high quality inverter
